To whom it may concern: this letter is the publicly available version of the Legal Audit provided to WLTH. Certain sensitive information, including the specific details of the SPV (as defined below), has been redacted. To request the complete, unredacted original Legal Audit, please contact WLTH directly. However, please note that WLTH is not obligated to share the original document and will only do so at its sole and absolute discretion.

Re: Expert Legal Audit on the (Indirect) ownership of shares of WLTH Corp. in Apptronik, Inc.

I have written this Legal Audit upon a request of WLTH Corp. ("WLTH") regarding its ownership of shares in Apptronik, Inc. ("Apptronik"), through ownership of a series SPV vehicle (indicated as "SPV"). The anticipated conclusion here is that, as of this date, following my review and subject to the stated assumptions and relevant legal considerations, I confirm that WLTH legally and beneficially owns 2,212 issued and outstanding Interests of SPV. This ownership corresponds to 2,212 shares of Apptronik. Consequently, through this mediated ownership chain via the SPV Interests, WLTH is the rightful owner of 2,212 shares in Apptronik as of today.

For the reasons explained above, this copy of the original Legal Audit does not indicate some sensitive information including but not limited to the name and the details of the SPV. Kindly be advised that the names of the files containing the SPV's name or reference, which were reviewed for the preparation of this Legal Audit, have been modified accordingly. References to "SPV" will generally encompass the various entities that make up SPV, regardless of their specific roles within the transaction, and without further detailed specification.

I am an EU-qualified lawyer with deep expertise in blockchain technology and digital assets. Since 2020, I have advised a diverse range of DeFi and blockchain organizations, including DAOs, incorporated in various jurisdictions such as the USA, EU, Panama, Cayman Islands,

BVI, and the RMI. My areas of focus include regulatory compliance, DeFi contracts, SAFEs, SAFTs, investment contracts, company formation, IP matters, and cybersecurity litigation.

The ownership structure in question involves WLTH's direct ownership of the SPV, a series LLC special purpose vehicle incorporated under the laws of Delaware (USA), which in turn holds an investment corresponding to shares in Apptronik. There has been one deal which will be examined separately in this Legal Audit.

I. Scope of Review

In rendering the opinions set forth herein, we have examined and relied upon originals or copies, certified or otherwise identified to our satisfaction, of the following documents (collectively, the "Reviewed Documents") which are listed below. The purchase of Apptronik shares through the SPV has been executed through two deals each for a value of 1,106 and, therefore, for total value of the two deals combined of 2,212 shares. The deal documents will be listed separately although the files bear the same name.

For deal 1:

1. **1st document pdf:** this document establishes SPV as a Series Limited Liability Company created in September 2025. It sets the purpose of the series to acquire, own, and manage Series Underlying Asset(s) consisting of Series A-X Preferred Shares of Apptronik, Inc., and defines the management structure under SPV. The agreement also covers the terms for members, capital contributions, profit allocation, and eventual dissolution.
2. **2nd document pdf:** this executed agreement confirms the subscription of 1,106 Interests by WLTH CORP in SPV for a total subscription amount of \$44,651.99. It includes the formal investment details, such as the purchase price per Interest of \$38.45, the Investment Amount of \$42,525.70 and the Additional Service Fee of \$2,126.29, with Subscription Date October 9, 2025. It also specifies that "Each individual Interest shall represent, and be directly tied to, one share in the Portfolio Company [i.e., Apptronik]" (page 2 of the document). The document also contains extensive representations by the subscriber and a list of risk factors associated with this private investment as well as the terms and conditions of the investment.
